## Beskrivning av problem

Försäljningspriset beräknas inte korrekt. Vi har en kund som är uppsatt med specialpriser. Försäljningsraden på ordern får inte det kundunika priset utan standardpriset.

## Steg för att återskapa

Gå till Master 110001. På Master Card tryck på "Sales Prices" under fliken NAVIGATE, och skapa den här raden:
